EDUCATION

The Leader School (2018-20)

- Matric

POST GRADUATE (2021-2022)

- ICS

VIRTUAL UNIVERSITY (2023)

- BS CS

SKILLS

- HTML & Tailwind CSS
- Git & Github
- Java Script
- React.js
- Node.js
- Express
- Mongodb

PROJECTS

- SHOPNOW
- Web Tinder

PROFILE

I am a passionate MERN stack developer with a strong focus on backend development using Node.js, Express.js, and MongoDB. I specialize in building scalable RESTful APIs, handling database operations, and implementing authentication and security measures while optimizing server performance. On the frontend, I can build responsive UIs with Tailwind CSS and efficiently integrate APIs in React.js for seamless user experiences. I create multiple projects by using MERN Stack you can explore them here abdulislam.netlify.app

MY EXPERTISE

Backend Developer

- **Scalable RESTful APIs**: Experienced in designing and developing efficient, scalable, and well-structured RESTful APIs using Node.js and Express.js..
- **Database Management**: Proficient in working with MongoDB, handling CRUD operations, indexing, and optimizing queries for performance.
- **Authentication & Security**: Skilled in implementing JWT, OAuth, authentication methods, ensuring secure access control and protection against vulnerabilities like XSS and SQL injection
- **Middleware & Error Handling**: Experienced in using Express middleware for request validation, logging, and error handling to enhance API stability and maintainability.
- **Performance Optimization**: Knowledgeable in optimizing backend performance with caching, load balancing, and database indexing for high-traffic applications

Frontend Development

- **Responsive UI**: Skilled in building modern, responsive, and visually appealing interfaces using Tailwind CSS for efficient styling.
- **API Integration**: Proficient in using React.js to fetch, integrate, and manage APIs seamlessly, ensuring smooth data flow between frontend and backend.
- **Reusable Components**: Skilled in building modular and optimized React components for scalable applications.
